It's enjoyable and easy to learn. It's based on the five-card stud poker game. The Players do not play against the Dealer or any other Player.

BETS

THE DEAL

Each Player and the Dealer receives three (3) cards face down. The Dealer will then burn the bottom card of the Community Cards.

THE PLAY

You are not playing against the Dealer or the other Players. You are simply trying to get a good poker hand by using your three (3) cards and two (2) community cards, which are exposed by the Dealer. Each Player will be required to keep their three (3) cards in full view of the Dealer at all times. The winners are paid according to the Payout Schedule (Pair of 10's or better, Two Pair, etc.). After looking at their first three (3) cards, the Player may ask for their first bet back or they may "Let It Ride." The Dealer, after burning the bottom card from the community stack, turns up one (1) community card. The Player may then ask for their second bet back or "Let It Ride." After each Player has made a decision regarding Bet number 2, each Player's cards will be placed face down on the designated area of the layout and they may not touch the cards again. The Dealer then turns up the second community card and each Player's three (3) cards. The Dealer then resolves each Player's hand in order by taking losing wagers and paying all winning hands according to the Payout Schedule. Regardless of the decision made concerning the first or second bet, a Player may not take back the third bet. Players cannot show their hands to other Players.

BONUS WAGER

All Players MAY place an additional Let It Ride \$1 wager on whether the three (3) cards dealt will have a poker hand with a rank of two of a kind or better. Winning hands will receive a Bonus payout according to the Payout Schedule.
